

En Thank you for adopting Sense Mother.

In a couple of seconds, her eyes will open. She'll come alive and start tirelessly taking care of whatever tasks you want her to. She'll help you to find out – and understand – all sorts of things about you and your environment. She'll become a key figure in your home, one who takes care of your well-being, your comfort and your peace of mind. So go on, plug her in now.

Fr Merci d'avoir adopté votre Mother.

Dans quelques secondes elle va ouvrir les yeux. Elle va prendre vie pour s'occuper inlassablement aux tâches que vous lui confierez. Elle vous aidera à savoir et comprendre toutes sortes de choses sur vous et votre environnement. Elle deviendra le personnage central de la maison qui veille sur votre bien-être, votre confort et votre sérénité. Branchez-la vite.

De Vielen Dank, dass Sie Sense Mother adoptiert haben.

In wenigen Sekunden wird sie die Augen öffnen. Sie wird zum Leben erweckt und anschließend alle Aufgaben übernehmen, die Sie ihr auftragen. Sie hilft Ihnen, alle möglichen Dinge über Sie und Ihre Umgebung kennen und verstehen zu lernen. Sie wird die zentrale Persönlichkeit des Hauses, die auf Ihr Wohlbefinden, Ihren Komfort und Ihre Ruhe und Ausgeglichenheit achtet. Schließen Sie sie schnell an.

1

EU Declaration of Conformity

We, Sen.se, hereby declare that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio

communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: -Reorient or relocate the receiving antenna. -Increase the separation between the equipment and receiver. -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. -Consult the dealer or an experienced radio/TV technician for help.

Safety warnings

This device is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance. Use only with supplied wall power adaptor. The device is intended for indoor use only. Before inserting the batteries, check that the contacts in the device and on the batteries are clean, and clean them if necessary. Note the polarity (+/-) when inserting the batteries. Do not throw the batteries into a fire, short-circuit it or dismantle them. Keep children away from batteries. Seek medical attention immediately if a battery is swallowed.

Canadian Compliance Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference and (2) this device must accept any interference including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet appareil est conforme aux normes CNR exemptes de licence d'Industrie Canada. Le fonctionnement est soumis aux deux conditions suivantes :

(1) cet appareil ne doit pas provoquer d'interférence

(2) cet appareil doit accepter toute interférence, y compris celles susceptibles de provoquer un fonctionnement non souhaité de l'appareil.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. Cet appareil et son (ses) antenne(s) ne doit pas être co-localisé ou fonctionner en conjonction avec une autre antenne ou transmetteur.

Legal notice

Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
